Tina Nguyen, BAHSc. PMI-CTT, Event Speaker Manager

Tina fell into Project Management nine years ago in her Bachelor of Applied Health Sciences – Health Informatics Management co-op program. From then on, she continued that journey through Academia, Early Childhood Day Care Centres, Human Resources, Community Mental Health, Hospitals, Home Care and Hospice. Today, Tina is a PMI member and a Project Manager in the Global Solutions Engineering department at Ricoh Canada.

Tina started volunteering with PMI-CTT in October 2018 as an Event Speaker Manager. Currently, she is assisting the Symposium team by securing speakers and seeking sponsorship.

In Tina's spare time, she is a part-time faculty member at Conestoga College in the Engineering and IT department and she enjoys being involved in various community networking opportunities. Her favourite hobbies are watching live ballets, practicing floral arrangement, playing PokemonGo, and spending time with family/friends.

Recently, Tina transitioned out of HealthcareIT into IT Engineering solutions. Within this timeframe, she went out West to visit some friends in Edmonton and Calgary, Alberta. That included some sightseeing in the town of Canmore, Banff National Park, Lake Louise, Calgary Core Shopping Centre, West Edmonton Mall, and Downtown Edmonton. We maximized the execution effort to see as many places as possible in 5 days!
