PMI-CTT WATER BOTTLE
HAS TRAVEL WITH**

CINDY RAGAN

**PMP; CISA; CISSP; MBA
Principal Technical Program Manager
At Walmart Information Security**

Cindy Ragan, VP of membership for the Northwest Arkansas PMI chapter, was adopted as an honouree member of the PMI Canada's Technology Triangle chapter while at a recent PMI conference because of her love of trying out new beers. The water bottle joined her for a behind-the-scenes tour of the inner workings of Philly & NJ's brew houses. Together, they sampled 16 different beers.

Cindy has over 30 years of information technology and project management experience. She is a graduate from The University of Florida (Go Gators) with a Bachelor of Science in Engineering - Computer Information Sciences. She also earned a Master of Business Administration from Webster University. Cindy holds numerous certifications that include Certified Information Systems Security Professional (CISSP), Certified Information Systems Auditor (CISA) and Project Management Professional (PMP). She is a constant learner and is currently working on two additional certifications.

During her beer tour adventure, Cindy made new friends, had a lot of laughs and got some great pictures to share with us.

"The water bottle was a great conversation starter. I was surprised how it sped up the process of making new friends. I couldn't have asked for a better time! Thank you for adopting me as an honouree member of Canada's Technology Triangle chapter and for the water bottle. I'm looking forward to taking it on adventures in other states and countries."
